## Cyberport Community Clinched 28 Awards at Hong Kong ICT Awards 2023

**Start-up krip HK Scooped 3 Awards Took Highest Accolade in Competition**

**Hong Kong, 3 November 2023** - At this year's "Hong Kong ICT Awards 2023", the Cyberport start-up community demonstrated their excellence again, garnering 28 awards including the "Winner of Award of the Year", one Grand Award and seven Gold Awards across eight categories with 25 start-ups. In addition to winning this year's "FinTech Grand Award" and "FinTech (Emerging Solutions) Gold Award", **krip HK**, an integrated credit card deals platform, outperformed seven other winners in Grand Award category and achieved the highest accolade of "Winner of Award of the Year".

**Ir Eric Chan, Chief Public Mission Officer of Cyberport**, said, "Cyberport start-up community excelled in the 'Hong Kong ICT Awards 2023', scooping 28 awards, including the "Winner of Award of the Year", one Grand Award and six Gold Awards across eight categories. Among the winning start-ups, **krip HK**, an integrated credit card deals platform, was selected by the Grand Judging Panel as the "Winner of Award of the Year". As Cyberport celebrates its 20th anniversary, the community has grown to over 2,000 companies. The remarkable achievements of Cyberport's start-up community this year is a testament to their innovative capabilities and market competitiveness, as well as their significant contributions to addressing social issues and driving digital transformation. As Hong Kong's digital technology flagship and incubator for entrepreneurship, Cyberport will continue its efforts to cultivate start-ups and facilitate their active integration into the National development, promoting Hong Kong as an international I&T centre."

### **The integrated credit card deals platform, krip HK, won the "Winner of Award of the Year" & "FinTech Grand Award"**

As Hong Kong's FinTech hub, Cyberport houses the largest FinTech community in the city. Cyberport start-ups scooped six awards in the "FinTech Award" category, including one Grand Award, two Gold Awards, one Silver Award, and one Bronze Award. **krip HK**, an integrated credit card deals platform that connects the needs of card issuers, merchants and consumers, captured the "Winner of Award of the Year", "Fintech Grand Award" and "FinTech (Emerging Solutions) Gold Award" by providing consumers with personalised apps through a unique app interface, and allowing various business partners and retail platforms to use its extensive deal database directly to optimise their marketing strategies. **NUT Limited** was the winner of the "FinTech (Applied Solutions) Gold Award" for its Web3 crypto payment solution, "HashNut". **Nanoinsure Technology** brought home the "FinTech

(Emerging Solutions) Silver Award” for its self-configuration platform, “NanoBYO”, which enables insurance companies drive digital transformation.

**Smart navigation to enhance mobility for the visually impaired Developing STEM education by applying “Relative Software Input Signals through Patented Algorithms”**

Cyberport's community of about 770 Smart Living and Smart City technology companies has excelled in the "Smart Living Award", "Smart Mobility Award", "Smart People Award" and "Smart Business Solution Award" categories, winning a total of ten awards, including three Gold Awards, one Silver Award and two Bronze Awards. **Maphive Technology**, an innovative indoor navigation platform, won the "Smart Mobility (Smart Transport) Gold Award" for its smart mobility navigation tools for the visually impaired and the needy. **KellyJohn Studio Limited**, a game developer, was the recipient of the "Smart People (Smart Education and Learning) Gold Award" for developing virtual sports and art technology for STEM education by applying “Relative Software Input Signals through Patented Algorithms”. **Mayfair Enterprises Limited (Butler)**, a digital home solutions platform, presented the "Smart Living (Smart Lifestyle) Gold Award" for its digital Butler Management System. **King Kong Mini Storage Limited** earned the "Smart Living (Smart Lifestyle) Silver Award" for its independently developed “King Kong Cloud System” to manage its mobile storage units.

Cyberport is also a key player in the digital entertainment sector, promoting the development of the local and international digital entertainment industry. Cyberport start-ups claimed six awards in the “Digital Entertainment Award” category, including one Gold Award and two Silver Awards. **Dream Engine Games Limited** was the winner of “Digital Entertainment (Entertainment and eSports Software) Gold Award” for its game “Rotaeno”. **Anxious Otter Games Limited**, which produces mobile and casual games, captured the “Digital Entertainment (Entertainment and eSports Software) Silver Award” for its game “Idle Space Farmer”. On the other hand, **Binary Tree Studio Limited**, which specialises in the production of fun and exploratory games, also won the “Digital Entertainment (Entertainment and eSports Software) Silver Award” for its game "Siege of Dungeon".

**TalentLabs Fullstack Technology Career Platform**

Cyberport start-ups also took home four awards in the "ICT Startup Award" category, including one Gold Award, one Silver Award and one Bronze Award. **TalentLabs Limited** was granted the "ICT Startup (Software and Apps) Gold Award" through its comprehensive “TalentLabs Fullstack Technology Career Platform”, which provides technology-related job vacancies and nurtures technology talents. **CHOMP**, a food-saving application that helps F&B businesses reduce their unsold food surplus by listing them on app at a discount, won the “ICT Startup (Social Impact) Silver Award”. The Cyberport start-up received a Bronze Award in the “Student Innovation Award” category for its “AI Robot for SENs”.

The Hong Kong ICT Awards is a signature industry event steered by the Office of the Government Chief Informational Officer (OGCIO), and organised by Hong Kong information and communications technology (ICT) Industry associations and professional bodies to recognise and promote ICT developments and applications, as well as encourage the industry to adopt more creative solutions to fulfill corporations' operational needs and create social impact. Please refer to the Appendix for Award List of Cyberport Community.

**About Cyberport**

Cyberport is Hong Kong's digital technology flagship and incubator for entrepreneurship with over 2,000 members including over 900 onsite and close to 1,100 offsite start-ups and technology companies. It is managed by Hong Kong Cyberport Management Company Limited, wholly owned by the Hong Kong SAR Government. With a vision to be the hub for digital technology, thereby creating a new economic driver for Hong Kong, Cyberport is committed to nurturing a vibrant tech ecosystem by cultivating talent, promoting entrepreneurship among youth, supporting start-ups, fostering industry development by promoting strategic collaboration with local and international partners, and integrating new and traditional economies by accelerating digital transformation in public and private sectors.
